

INGROWN TOE NAIL TURNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so softens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail naturally turns outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. (adv)

Queer Figures on Kamerun Mute.

The huts of the Kamerun tribe of Africa are decorated with figures which indicate the number of occupants and their relationship. A very large figure in the center stands for the man of the family and other figures for the wives, sons and daughters.

In A Single Day Over Sixty Thousand People Visited Mabley's, Cincinnati

SOME time ago an actual count was taken of the number of people who entered the doors of the Mabley & Carew Company in Cincinnati in a single day. The number was over 60,000.

If it were possible to ascertain how many of these people live outside of the city of Cincinnati, the figures would probably be astounding. Local people as well patronize this store because it assures satisfaction to everyone.

Every article sold in this establishment is of the highest type. Nothing is placed in stock that is of doubtful character. Comparative prices are not used. Patrons place confidence in us and this confidence must be maintained at all times.

Expert buyers visiting the leading markets purchase from first hand at prices which enable selling at reasonable figures. We will not permit any concern to quote lower prices, quality considered. We will not knowingly permit a dissatisfied customer to leave our store.

Everyone of our store family treats every customer as a guest. This friendly store is your store. Use it, make yourself at home here when you come to Cincinnati.

Peebles Talks

By The Joseph R. Peebles Sons Company.

We have often thought the word "grocery store" rather obsolete.

The housewife of today, educated in the principles of caloric values in foods, exercises utmost discernment in the selection of pure, wholesome foods that offer the greatest nourishment and energy producing values.

The Joseph R. Peebles' Sons Company have developed their establishment to meet these exacting demands of the modern housekeeper for the most nourishing, the most wholesome foods. Every

article in the four Peebles' stores has been selected and tested by food experts. Peebles' back each article with their guarantee of quality—the highest standard of quality in the country.

Everything that tends to more efficient service and to the greater convenience of the patrons is provided in the four Peebles' stores.

In Peebles' Mail Order Department, each order is given the individual attention of an experienced grocer who appreciates quality in foodstuffs. Write for our catalog.

In response to the inquiry of many telephone subscribers: "What can I do to help my service?" this advertisement is published.

Visiting Over The Telephone

When telephone users hold the lines for an unnecessarily long period of time, the result is delay and annoyance due to repeated "busy" reports.

Particularly is this true in the case of party line telephones.

Brevity in telephone conversations and releasing a party line when requested to do so, will assist us in our effort to improve your service.

Right now when the switchboards are congested on account of a serious shortage of equipment, every useless call and every unnecessarily long conversation hampers the service that much more.

Children and servants should not be permitted to block your line with idle telephone conversations.

HEALTH OFFICER WARNS PEOPLE ABOUT HOGS

City Health Officer A. H. Keller is calling attention of the people of Paris to the State law, effective on May 1, which prohibits the harboring of hogs within the city limits.

Dr. Keller urges that all persons owning hogs in the city either dispose of them or have them sent to the country before May 1. This is very important, as the law will be rigidly enforced in the interest of the public health.

In '76
The Colonial Dame
Spun her cloth
By Candle flame.

In 1860
In Crinoline bright,
She greeted her guests
By Coal Oil light.

And later on,
How time does pass
Her home was lit
By flickering Gas.

But the girl of to-day
Who wants her home bright,
Just presses a button
And has Electric Light.
